Please use Travel Guide along with this form

You should use one of the following airlines for domestic flights: Continental, Delta, United or Southwest. International flights are not limited because they are located in one terminal.

Though you should attempt to stay within the hour window, thirty minutes before or after the requested times is perfectly fine.

Using these guidelines will assure campers are on the same flights/terminals. If you would like to know of others traveling from the same area so they may travel on the same flight, you may call our office for this information. You should look for campers wearing a yellow YAC wrist band that will be mailed mid June.

These instructions do not apply to those who are staying an extra night. Please call our office for further information.

ASSISTED CHECK IN

'Assisted Check-In' is used when a child is traveling alone and is under 12 years old (will vary by airline). The airline will charge an additional amount to care for the child during the flight and make sure they are handed off to pre-assigned YAC staff member after viewing their photo id. We prefer if 12 and under are the only assisted check-ins. If you feel your child needs this service and is over 12, you may proceed with buying this service through the airline. It may not be needed for most cell phone carrying, airport savvy kids as we pick up 80% of the kids from the airport. Our small window of travel requirements allow us to have a large number of staff in the few areas of the airport for a very safe pick-up.

CAMPERS KEEP THIS SECTION WHILE TRAVELING
