

# A DAY AT MY CAMP

Industry /special workshops have included special effects, working with animals, voice over, how to pursue the film industry in your hometown, who's who on a movie set and many other subjects that seem worth knowing before we depart. Give us a few examples of your perfect workshops \_\_\_\_\_

Currently on the electives schedule is dance, rock star (singing with style), stage combat, dialects, Hollywood makeover (you work with a stylist) and stand-up comedy. What other electives would you like to see on the schedule \_\_\_\_\_

High school college Tours are for High juniors, seniors and newly graduated. What schools in S. California would you like to see on the tour \_\_\_\_\_

Every year we try to assemble a AWESOME bag full of useful items for actors. What kind of bag would you like to have (duffle, messenger) \_\_\_\_\_ and what kind of goodies could you see being useful to you as an actor \_\_\_\_\_

Our special Industry and Career Day guest can be anyone from a film director to a stuntman. What person would you like to see at camp (specific name or occupation) \_\_\_\_\_

We have AWESOME camp games. Over the years we've had staff and campers share some of their favorites \_\_\_\_\_ (use the other side to explain in detail).

Young Actors Camp field trips have NO BOUNDARIES. If a show is filming we will approach them and ask if we can come on set. Or, how about a special effects studio or go to see a certain part of production being carried out? Let us know your ultimate day in Los Angeles. Use the other side to explain. We can't use all the ideas but we will absolutely try to use as many as we can.

***Your thoughts above could be just enough for us to work with but you can also join a committee to see the dreams organized into place? We will have phone or video conference meetings in May.***
